CASE STUDY: RESIDENTIAL HOME, MELBOURNE

PRODUCT: Oak Country, Wide-Plank, Brushed Natural Oil

APPLICATION: Living Areas & Bathroom, Residential

Located in the leafy streets of Melbourne's Kew, this home by Architect Nicholas Murray has created a natural sanctuary that brings the outside in with the use of Mafi Oak Country Wide Plank boards. The young family has used Mafi in all rooms including the kids bathroom, which is more akin to a pool at nightly bath times.
