PINBOARD LINOLEUM

Pin board linoleum or BULLETIN BOARD offers a practical, simple solution to collect and exchange thoughts and ideas whenever people plan, create and meet. Simply share your thoughts by pinning your ideas to the wall.

BULLETIN BOARD is an all-natural material that can be applied in framed or mounted pin boards or directly to the wall. Its surface is tactile and colourful, creating a decorative element in your space, along with being a practical aid in your day to day activity.

THE **ALL NATURAL** SOLUTION
TO HOLD YOUR THOUGHTS

NATURAL & DURABLE

BULLETIN BOARD is produced from natural and renewable raw materials.

A combination of oxidized linseed oil, rosin and finely ground cork gives the product its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

Its strength and resilience make BULLETIN BOARD the ideal material for pin boards, notice boards and all other surfaces where ideas and information are exchanged. The pin board material retains its grip and doesn't crumble like traditional soft boards as the pinholes close after extraction of the pins due to the flexibility that characterizes the material.

PRACTICAL & HYGIENIC

BULLETIN BOARD does not attract dust and has bacteriostatic properties that can stop the spread of common and not so common bacteria. This makes the product a practical solution in class rooms, for the ever changing exhibition of children's drawings and artwork. But also a hygienic, functional solution in the healthcare environment where the 'get well 'messages can be pinned.

COLOURFUL INTERIORS

BULLETIN BOARD is available in an exciting and intense range of colours that give character and atmosphere to its environment.

The colours in the bulletin board collection have been harmonized with Forbo's offer in Marmoleum floor coverings which in turn makes them eminently suitable for combinations with other materials such as wood stone, aluminum or plaster, creating decorative as well as functional wall surfaces.

 122 cm | * also available in 183 cm

2162 | duck egg 2186 | blanched almond 2214 | blue berry

WALL SOLUTIONS

2186 | blanched almond

2182 | potato skin

BULLETIN BOARD is supplied in rolls up to 28 metres long and 1.22 metres wide, making it suitable for large installations, for example in conference rooms or alongside corridors.

DECORATIVE SOLUTIONS

2206 | oyster shell 2211 | tangerine zest

BULLETIN BOARD is flexible and easy to cut, combine and handle, which allows you to create functional wall decorations with enchanting decorative effects. Roll material also reduces the amount of waste or joins in large installations.

2187 | brown rice

FRAMED OR MOUNTED SOLUTIONS

2182 | potato skin 2187 | brown rice 2206 | oyster shell 2209 | black olive

Framed or mounted bulletin board can be made in single colours that fit your needs or in decorative combinations that enhance your environment. Possibilities across different sizes are ideal to hold your thoughts or expose your creativity.

2187 | brown rice

FURNITURE SOLUTIONS

2187 | brown rice 2213 | baby lettuce

BULLETIN BOARD provides ideal solutions for the modern sustainable office environment where partition walls or furniture elements can double as functional information carriers.
