

FLOR PLANTER

Taking inspiration from the form of tree trunks and plant stems, the Flor Planter is characterised by its clean lines, natural materials and craftsmanship.

PLYROOM

FLOR PLANTER

Additional versatility is added through the design detail of hidden castors so indoor plants can be moved around the home easily and safely. Flor can also be used flexibly as portable open storage.

- Designed in Melbourne. Made in Italy
- Drainage hole | No
- Hidden castors so you can easily move your plants to wherever the sun is shining
- A flat base allows the pot to free-stand on flat surfaces.
- Suitable for indoor use

MATERIALS

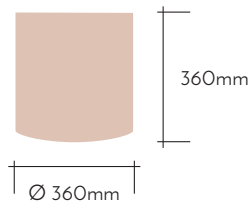

- Sustainably forested Beech
- Low VOC water based varnish
- Flor Planters are individually handcrafted, leading to slight variances in colour.

CARE

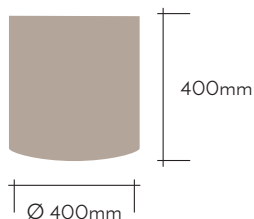

To ensure a long life of your Flor Planter and the plant inside, we recommend having your plant in a pot with a waterproof plate underneath to absorb excess water.
